SEASON 25

Design Matters! Make a lasting mark by building custom work in beautiful wood. Make it shine by using new and traditional tools and skills.

Woodworkers are producers. They use their hands to express themselves and more often than not, make their gifts. Heirlooms that will make people wonder at the craftsmanship and want to know who made it.

Every creation is unique. Express yourself by the choice of wood, grain, and finish.

There are so many major tool and finish innovations: diamonds to sharpen cutting edges, dust collectors to keep the air sawdust free. Tools that help in ways never imagined.

We are in the middle of an age of wonder. Join the journey. Express Yourself with wood!
