

WBGU-TV Instructional Services

WBGU-TV provides services in support of education at Bowling Green State University. Each of our services is offered in support of the mission and values of the University. Through these services, WBGU-TV assists faculty, staff and students connect with or communicate to a specific audience. WBGU-TV provides a library of academic content, a place to create teaching and learning tools and facilitates active communication with colleagues, content experts, and research fellows. The following information can also be found at: www.wbgu.org/tls

TLS Video Production Charges

CLASSROOM/ COURSE RELATED LECTURE CART PRODUCTIONS:

Olscamp Hall: No Charge if a guest lecture presentation is videotaped in Olscamp Hall classrooms 107, 109, or 113.

Campus locations except Olscamp Hall: TLS will charge \$60.00* per academic/classroom related cart/lecture production that is produced outside of Olscamp Hall rooms 107, 109, or 113.

*TLS Production budget will cover up to \$1,000 in cart/lecture productions per semester. Once this cart production budget reserve is spent, then academic departments are charged \$140.00 per cart/lecture production.

CLASSROOM CONTENT VIDEO PRODUCTIONS:

TLS Production budget will cost share “5” minute classroom content productions for faculty use in the classroom and stored on the Video on Demand server. TLS will budget each production for out-of-pocket expenses. TLS will pick-up the first \$100* of the total out-of-pocket cost, remaining charges will be invoiced to the department, school or college.

*TLS will budget \$1,000 per semester for this type of production.

Grant or Conference productions are not considered classroom events and will be budgeted separately.
